

AP Statistics: Summer Course Work 2021

1. Please read chapters 1, 3, and 4.
2. I will send an email with attachments*. Please print the Formula chart and the tables. The other documents are for you to complete as we progress through the book. We will be skipping around in the book to match the order AP College Board presents material.

The assignments are listed with directions. You certainly can finish at any time over the summer. You will submit items DUE, to myIWA no later than August 10th, 2021 by 10pm.

*Course Content and Exam Information: read and mark your calendar!

*Formula Sheet and Tables: print

*Book Problems: this is the list for all chapters—print and keep handy

*Chapter 1 Vocabulary- define words or phrases provided on list, include any formulas, DUE

Chapter 1 Book problems- This book lists problem numbers that continue throughout the chapter, rather than begin with one for each section DUE

*Chapter 3 Vocabulary- define words or phrases provided on list, include any formulas DUE

Chapter 3 Book problems- This book lists problem numbers that continue throughout the chapter, rather than begin with one for each section DUE

*Chapter 4 Vocabulary- define words or phrases provided on list, include any formulas

3. For each chapter, define words/concepts, make an outline with notes, and then work on assigned problems. After you have completed the chapter 1 notes/outline and book problems, read chapter 3, and complete notes/outline and read chapter 4 and complete notes/outline and assignment.

We will discuss chapter 1 and go over few problems along with several activities in the first few days of school. There will be a vocabulary quiz and a test shortly after school begins in August.

I have (or will) set up 'myIWA', I do not know when you will have access. I will post weekly agendas, when assignments are due, quiz and test dates. The agenda is your main source of information of what and when things happen in class. If you know of, or hear of, anyone who is not on this mailing list, please contact me. I will send a group email in June, please respond.

Have a great rest of your summer and I look forward to seeing each of you in August!

May the odds be in your favor,

Mrs. Douglass
